

main

```
graph TD; main[main] --> tunReceive[tunReceive]; tunReceive --> chunker[chunker]; chunker --> serial_send[serial send];
```

A flowchart illustrating a data processing pipeline. It starts with a box labeled 'main' at the top. A blue arrow points from 'main' to a box labeled 'tunReceive'. From 'tunReceive', a magenta arrow points down to a box labeled 'chunker'. Finally, a magenta arrow points from 'chunker' down to a box labeled 'serial send'.

tunReceive

chunker

serial send
